Foreign Tax Credit Information

The following is a summary of the percent of foreign source income earned and foreign taxes paid per share. For 2022, these funds qualified to pass-through the foreign taxes to their shareholders. If a fund is not listed below, it did not qualify to pass-through foreign taxes to its shareholders this year.

Shareholders are no longer required to report foreign taxes paid or foreign source income on a country-by-country basis.

As a shareholder, you may be entitled to a deduction on your 2022 federal income tax return or take a credit against your 2022 federal tax liability for the amount passed through to you on Form 1099-DIV Box 7. These deductions or credits may be subject to limitations under the tax law. The information provided below is to assist you in computing your foreign tax credit.

FUND NAME	% OF FOREIGN SOURCE INCOME	FOREIGN TAXES PAID PER SHARE
Thornburg Better World International Fund	89.89%	0.031215923
Thornburg Developing World Fund	98.25%	0.149351231

During the fiscal year ended September 30, 2022, the Funds received refunds of tax reclaims for prior years' tax withholding. For U.S. income tax purposes, tax reclaims received by the Funds have reduced the amount of foreign tax credit passed through to Fund shareholders.

Reporting Requirements for your State of Indiana Return: Individuals

Any interest earned from Indiana municipal bonds and U.S. territories (such as Puerto Rico, Guam, Virgin Islands, American Samoa, or Northern Mariana) are not taxable for purposes of the Adjusted Gross Income Tax Act. Interest from municipal bonds from another state or political subdivision is generally taxed accordingly when you purchased shares of the mutual fund that earned this out-of-state interest, as follows:

- For mutual fund shares acquired before January 1, 2012 (pre-2012 shares), this interest is 100% exempt from Indiana state income tax.
- For mutual fund shares acquired on or after January 1, 2012 (post-2011 shares), this interest is subject to Indiana state income tax.

To determine the amount of exempt-interest dividends that are **not** exempt from Indiana state income tax, multiply the amount of exempt-interest dividends shown on Box 12 on Form 1099-DIV by the percentage listed for the corresponding fund in the table below. Next, multiply the result by the percentage of fund shares that you acquired on or after January 1, 2012. This is the amount that is **not** exempt from Indiana state income tax. The following example is based on a \$10,000 exempt-interest dividend distribution from the fund.

Example:

If the Indiana shareholder held 2,000 shares of a Thornburg Short Duration Municipal Fund on 12/31/2011 and acquired (either by purchase or reinvestment) 1,000 additional shares after 12/31/2011, then 66.66% (2,000/3,000 shares) of the out of state interest is exempt and 33.33% (1,000/3,000 shares) is taxable.

$$\$10,000 \text{ exempt-interest dividends} \times 99.20\% = \$9,920; \$9,920 \times 33.33\% = \$3,306 \text{ taxable portion}$$

PERCENTAGE OF FEDERALLY EXEMPT-INTEREST DIVIDENDS ATTRIBUTABLE TO STATES OTHER THAN INDIANA/U.S. TERRITORIES	
Thornburg Intermediate Municipal Fund	97.03%
Thornburg Limited Term Municipal Fund	98.66%
Thornburg Short Duration Municipal Fund	99.20%
Thornburg Strategic Municipal Income Fund	98.13%

Income from U.S. Government Obligations

Dividends derived from interest on U.S. government securities may be exempt from state and local taxes. The table indicates the percentage of government ordinary income received by the funds and the source from which it was derived. Your dividends from the fund must be reported on your 2022 federal income tax return. Some states and/or localities do not require you to pay state or local income tax on income derived from certain federal agency bonds. If a fund is not listed below, it did not receive income from U.S. government obligations.
